## Spain Lucky to Lose Cuba.

The Marquis de Castellane, in the course of article to the Globe-Democrat, has the following to say with reference to the freedom of Cuba and the Philippines by the United States: "I shall perhaps astonish Americans when I tell them that they rendered a rare service to Spain when they took Cuba and the Philippines under their charge. It is, nevertheless, true. Since the colonies ceased to take from Spain her savings and her best blood, there has been an economical revival which becomes every day more manifest. Indeed, one of the dominating preoccupations of Spaniards is to reconquer economically those immense territories which are lost to them politically.

"A very active association, the Ibero-American League, which has Senor Rodriguez San Pedro, the minister of foreign affairs, at its head, is doing a great deal towards this end. As a result of its efforts, direct monthly services of steamers have been established between Bilbao and Havana and Vera Cruz and between Vigo, Montevideo and Buenos Ayres. "Spain is also becoming self sufficient and is accomplishing an economic regeneration, thanks to the services which America has rendered her. Can she look forward to a restoration of her rank as a great power in Europe? Ah, that is another question!

"For my part I think that Spain will require a century to emerge victoriously from the condition of moral torpor in which she has lived heretofore. Before pretending to treat on equal terms with the great powers, it is necessary that her people should learn obedience, cleanliness, punctuality and, above all, thoroughness. "Spain keeps alive, which is something, but it is hardly enough. I came here expecting a paradise. I shall soon leave realizing that I am returning to civilization."

## The Elks and Other Lodges at Tampa

The Elks of Florida and other states will gather in Tampa in large numbers during the South Florida fair for the purpose of forming a state association and holding an Elks' reunion. November 16 and 17 have been decided upon as the days for meeting.

The Tampa lodge of Elks will entertain all visitors in a style most magnificent, a large appropriation having been made for this purpose. Among the entertainments will be the most splendid ball of the history of the celebrated Tampa Bay hotel. The masons, woodmen, odd fellows, red men, eagles and other lodges are also arranging features of entertainment for the benefit of their visiting brothers from Florida and other states.

## Saved Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." ## Appeal For Funds.

JACKSONVILLE, FLA., Oct. 20, 1904. To the Democrats of Florida:

The undersigned have been appointed a committee for the purpose of raising funds in this state to aid in the national democratic campaign.

The democratic party is waging a great contest for the preservation of constitutional government, the equal rights of all the people and special privileges to none.

Unlike its powerful opponent, the democratic party represents no protected interests from which it may demand contributions as the condition of continued legislative and executive favors, but must depend upon the voluntary offerings of patriotic citizens who believe in its principles and desire the election of its candidates.

No section of the country is more interested in democratic success than the south, fully realizing as we do, that the continued policy of the present administration would intensify the race problem, which is present with us.

The national committee have made an earnest appeal for necessary financial aid. We, therefore, urge you and all democratic friends in every city, town and community in the state to make contributions for the purposes above mentioned. The time is short, so that only prompt action will be of avail.

Make checks payable to George Foster Peabody, who is treasurer of the national committee, and enclose same to W. P. Coachman of this city, who will forward to headquarters.

Faithfully yours,  
T. C. Taliaferro, W. F. Coachman,  
J. P. Taliaferro, W. H. Knowles, W. J. Hillman, S. M. Muldon, Committee.

## German Colony For Florida.

A German colony is already booked for Florida which is the direct result of the efforts of the Times-Union's special trade edition which was given out at St. Louis by the young lady commissioners. The enterprise is quick to bear fruit.

Now, if the colony could be settled on good land, such as we have in Marion county, it would be almost impossible to measure the good results that would flow from it.

Our fair commissioners and real estate men should bestir themselves.

Thanksgiving day comes next month which suggests turkey, cranberry sauce and plum pudding. By the way, the hunting season also opens next month which suggests quail, deer, wild turkey and mallard duck; then, too, oysters become most delicious in November; and some one near our elbow, with smacking lips, asks what about spare ribs, backbone, sausage, liver, pudding, 'possum and taters? It never occurs to the average Florida cracker to ask the question, "Is life worth living?"

LOOKING AHEAD

Persons in the Early Stages of Kidney Diseases Should Waste no Time in Making their Kidneys Right

If you don't stop that pain in the back, some of these days you are extremely liable to have Bright's Disease or some other form of kidney trouble. You are just as much in danger if you have dryness of the skin, headaches, restlessness, unusual appetite and great thirst, or if you notice a sediment or cloudiness in the urine or other urinary irregularities.

FOLEY'S KIDNEY CURE makes the kidneys right, and whenever there are any indications that these organs are in the least way disturbed, it should be taken promptly and regularly until all symptoms of kidney trouble have disappeared. This preparation is composed of the best known remedies employed by kidney specialists, and it cannot help but cure every form of kidney trouble if taken early. Thousands have testified to this fact. In even the most hopeless cases it will always afford relief.

Dr. Geo. Ewing, of Smith's Grove, Ky., writes: "For years I have been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I was induced to use FOLEY'S KIDNEY CURE. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success."
